

VIRTUAL · TWO HOURS

Speak With Confidence

In today's workplaces, ideas compete for attention, and the people who communicate with clarity and confidence are the ones who influence decisions. Even highly capable professionals can see their expertise overlooked if their delivery feels hesitant or unclear. Learning to speak with confidence and projecting a credible presence earns you a reputation as a trusted, high-value contributor.

In this webinar, you learn practical strategies to help you speak in a way that builds respect with colleagues, senior leaders, and clients.

Who should attend

This course is ideal for anyone who wants to speak confidently in conversation, meetings, and presentations.

We can accommodate up to 100 participants.

You learn to

- Handle confidence busters
- Use your voice and body language to enhance credibility
- Speak with authority and clarity

What to expect

This webinar is fast-paced and interactive. Learn our best tips and have fun at the same time. You also receive a tip sheet for future reference.
